

PRESS RELEASE:

Clipper Europa 52 Boat show debut.

At this year Sanctuary Cove Boat Show, Clipper Motor Yachts Australia will launch its much anticipated Europa 52.

With extended family cruising in mind, the Clipper 52 has a three cabin layout with two bathrooms and a spacious saloon and galley.

Powered by twin 480hp Cummins diesel engines, cruise speeds from 10knots to 18 knots can be achieved. With 2800 litre fuel capacity, this boat will cater for those who want to do extended coastal cruising. The Europa 52 is heavily optioned as standard, and has been created with one thing in mind, cruising comfort.

Designed by a well renowned Canadian naval Architect with features including, hand crafted interior teak finishes, fully covered walk around decks, and a spacious aft cockpit with integral swim platform. There is also a large flybridge deck with hardtop and built in wet bar, upper and lower helm stations and a full Raymarine Electronics package.

With an over whelming response coming from all around Australia and abroad. "This vessel will be the talk of the show" Managing Director of Clipper Motor Yachts Australia Darren Berry stated. "It is well placed in the market and the vessel is well priced"
