

Clipper and Noakes forge tradition

Both Clipper Motor Yachts Australia and Noakes Boat and Shipyards, 2 internationally recognised leaders in the marine industry, have just signed off on a joint venture service provider agreement. The agreement has been put in place for Clipper Motor Yachts Clients peace of mind. The agreement is structured to allow Clipper clients a reputable repair to work on there pride and joys. Clients will in the event of damage, from any number of scenarios available from the bearing sea, be able to take comfort that work is being carried out hassle free.

Darren Berry, Managing Director of Clipper Motor Yachts Australia made comment that this has been set up as a service to Clipper owners it will provide our customers an easier way to repair there vessels which can often be a testing time for all concerned. We have spent some time researching and finding just the right service provider. Noakes was the leader by along margin with the procedures, quality control and over all excellent track record we know work will be done right first time.

Noakes Boat and Shipyard have locations based up and down the east coast of Australia with affiliations with other yards to cover areas that may be regarded as out of the way or to far for clients to travel.
